Young Women's Voices Project

- Hi woman, I'm so glad you found us! This survey is part of Banteay Srei's ongoing effort to learn about what's happening in the lives of girls/young women (11-24) living in Alameda, what your needs are, and how our program can continue to center you and your experiences. We are based in Oakland and we work directly with young Asian women who were, or are at risk, or currently experiencing sexual exploitation or violence. Learning about you is important to us, as we are conscious of the fact that we live in a world with sexism and gender based violence. Young brown women are being targeted and made vulnerable because of this.
- We are non-judgmental of your experiences, and hope you will share with honesty and bravery. We value your time and as a thank you for helping us with the research, you can enter into an exclusive raffle with cash prizes. * Please contact us if you have any questions. And spread the word, tell your sistas and your friends. Check us out at XXXXXXXX.
